

Inclement Weather Policy

Barton Stone's Administrative Board would like everyone to know that we now have in place an inclement weather policy which includes the procedure for cancellation of worship services and the closure of our building for the safety of our congregants in

Inclement weather.

The following communication channels are in place.

- A. The cancellation or closure will be announced on the office answering machine.
- B. A congregational e-mail will be sent to all congregants on our e-mail list.
- C. It will be displayed on the home page of our website.
- D. The local radio station CHML 900 and local TV station CHCH will be informed.
- E. A phone "tree" will be used to notify individuals.

PLEASE BE AWARE THAT YOUR SAFETY COMES FIRST! It is up to each individual's own discretion as to whether you should attempt the journey to Barton Stone during inclement weather conditions. We would like you to be aware that this policy is in place and that we at Barton Stone are prepared for inclement weather (let's hope we will not have to use it!).
